Group B Subject combinations may also be offered to the candidates who have passed the qualifying examination with A stream (Maths) subjects, provided the candidates have compulsorily selected bio-diversity as the elective course in first semester. Similarly Group A subject combinations may also be offered to the candidates, who have passed the examination with B stream (Biology) subjects, provided the candidates have compulsorily selected mathematical basics and quantitative skills as the elective course in the first semester.

The candidates who have passed Higher Secondary Examination with AB Stream are eligible to choose any one group of subjects of either Group A or Group B at the time of admission in 1<sup>st</sup> Semester as core courses for semester I & II.

A College level committee of principal and head of the departments shall be responsible and authorized to decide the number of groups of core courses to be offered to the students of concerned college. Any change in the group of subjects (core courses) to be offered to the students, if required, is to be intimated to and accepted by the University before 31<sup>st</sup> May of the year.

III. The candidate shall be normally allowed to choose any two subjects (core courses) out of three subjects (core courses) from semester I and II programmes, while moving in the third semester. Both the subjects (core courses) shall carry equal weightage and the candidate is free to choose any one of the two subjects (core courses) as the main core course while moving in the fifth (and sixth) semester of the B. Sc. programme. The subjects (core courses) other than the main core course, shall be considered as Allied (Optional) Core Courses for the purpose of award of the B.Sc. Degree.

IV. A student having passed the Diploma Electrical / Electronics / Computer /Chemical Engineering or Diploma Pharmacy Examination of Technical Examination Board of Gujarat State or Any other examination recognized as equivalent thereto will be eligible for the admission to the third semester of B.Sc . of the six semester degree programme in science as per the following conditions:

- (a) For direct admission to B.Sc. Semester III with physics as core course, a student must have passed Diploma examination in any branch of Engg.
- (b) For direct admission to B.Sc. Semester III with Botany or Zoology or Microbiology or Biochemistry or Biotechnology as core course, a student must have passed Diploma examination in the pharmacy.
- (c) For direct admission to B.Sc. Semester III with Computer Science Or Electronics as core course, a student must have passed Diploma examination in relevant branch of Engg.
- (d) For direct admission to B. Sc. Semester III with Chemistry as core course, a student must have passed Diploma examination in the Chemical Engg. , Plastic Engg., & Relevant branch of Engg. or/ Pharmacy.

The student admitted under the above category will be exempted from appearing in the examinations of B.Sc. Semester I & II. A student will be given the credits for Semester I & II based on the Performance in the final Diploma examination

V. **For the Degree :** The candidates shall have subsequently undergone the prescribed course of study in a college affiliated to this University for a period of not less than three academic years (except O.B.Sc. 1.-iv), passed the examinations prescribed and fulfilled such conditions as have been prescribed therefor.

## **O. B. Sc. 2. Duration :**

The U.G. B.Sc. Programme is for a period of three years. Each academic year shall comprise of two semesters viz. Odd and Even semesters. Odd semesters shall be from June / July to October / November and Even Semesters shall be from November / December to April / May. There shall be not less than 90 working days which shall comprise 450 teaching clock hours for each semester. (Exclusive of the days for the conduct of University or external end-semester examinations). A candidate can avail a maximum of 12 Semesters (6 Years), in a continuous stretch of 6 Years from the date of admission to complete Bachelor's Degree

## **O. B. Sc. 3. Courses offered at U. G. B. Sc. Programme :**

Mathematics	Statistics	Physics
Chemistry	Botany	Zoology
Geology	Computer Science	Electronics
Bio-Chemistry	Microbiology	Biotechnology
*Fashion & Apparel Design	Environmental Sciences	*Fire & Safety
*Described Separately (Appendix -I & II)		

## **O. B. Sc. 4. The CBCS System :**

All Programmes shall be run on **Choice Based Credit System (CBCS)**. It is an instructional package developed to suit the needs of students to keep pace with the developments in higher education and the quality assurance expected of it in the light of liberalization and globalization in higher education.

## **O. B. Sc. 5. Courses in Programmes :**

The UG B. Sc. - programme consists of a number of courses. The term 'course' is applied to indicate a logical part of the subject matter of the programme and is invariably equivalent to the subject matter of a "paper" in the conventional sense. The following are the various categories of Courses suggested for the UG B. Sc. - programmes.

Elective Courses (ECs) (as listed in R. B. Sc. 6),  
Foundation Courses (FCs) (as listed in R B. Sc. 6), Core Courses–I, II & III (CCs), Subject Elective Courses (SECs) (as listed in R. B. Sc. 5)

The Elective Courses and Foundation Courses are meant to develop the students' Communicative Skill and Social Awareness at the UG level. Core Courses are the basic courses compulsorily required for each of the programme of study. These will be related to the subject of the programme in which the candidate gets his / her degree. The number of Core Course - I shall be 22. Core Courses II & III cover two disciplines that are generally related to the main subject of the programme. The number of Core Course II shall be 10 and the number of Core Course III shall be 4. (The number for Courses includes Practical Courses also.)

\*For Sem. I & II, each practical batch should not have more than 20 students and for Sem. III to VI, each practical batch should not have more than 15 students. This is because practicals in Science Subjects require individual attention for imparting correct and adequate hands – on training to the students.

**Subject Elective Courses (SECs)** are open to all students of Science Programme.

**The Elective Courses (EC)**, four in number for each UG degree are open to all students; irrespective of Science, Arts or Commerce Programmes. A student shall choose at least two Elective Courses from outside his / her Department. It is also open to a student to choose all the four Elective Courses from outside his / her Department.

**Selection of students to the ECs :**

- a. The Department Committee shall follow a selection procedure on a first come first served basis, fixing the maximum number of students, giving counseling to the students etc. to avoid overcrowding to particular course(s) at the expense of some other courses.
- b. The failed candidates in one EC are permitted to opt for another EC in another programme Or they are permitted to continue with the same EC.
- c. The Colleges shall provide all information relating to the ECs in each programme to all the students so as to enable them to choose their ECs.

**O. B. Sc. 6.**

**The UGC recommended Certificate Course on Environmental Studies** is to be offered in the second semester of all the UG Programmes as elective course compulsorily.

**O. B.Sc. 7.**

**Part IV - Extension and Extra-Curricular Activities :** These should be carried out outside the class hours. e.g. NSS, NCC, participation in Youth Welfare activities/Sports at National or International Level, will be assigned two additional credits/year. (May be implemented later)

**O. B.Sc. 8. Semesters :**

An academic year is divided into two semesters. In each semester, courses are offered in 15 teaching weeks and the remaining 5 weeks are to be utilized for conduct of examinations and evaluation purposes. Each week has 30 working hours spread over 5 / 6 days a week.

**O. B.Sc. 9. Credits :**

The term 'Credit' refers to the weightage given to a course, usually in relation to the instructional hours assigned to it. For instance, a Twelve Instructional hour course of practicals for sem. V & VI per week is assigned Five Credits, Six Instructional hour course of practicals for Sem. III & IV per week is given Two & half Credits and Four to Six hours Instructional hour course of practicals for Sem. I & II per week is assigned Three Credits. Four hour Theory course per week is given Four Credits. Three hour Theory course per week in case of Elective/Foundation/Subject elective courses, is given Two Credits. However, in no instance the Credits of a Course can be greater than the hours allotted to it.

The total minimum Credits, required for completing a UG B. Sc. programme is 150. The details of credits for individual components and individual courses are given in R. B. Sc. – 1 & 2.

### **O. B.Sc. 10. Course :**

Each Course is to be designed variously under lectures / tutorials / laboratory or field work / seminar / practical training / assignments / term paper or report writing etc., to meet effective teaching and learning needs.

### **O. B.Sc. 11. Examinations :**

i. There shall be examinations at the end of each semester, for odd semesters in the month of October / November; for even semesters in April / May. A candidate who does not pass the examination in any course(s) shall be permitted to appear in such failed course(s) in the subsequent examinations to be held in October / November or April / May.

ii. A candidate should get enrolled/registered for the first semester examination. If enrollment/registration is not possible owing to shortage of attendance beyond condonation limit / regulations prescribed OR belated joining OR on medical grounds, the candidates are not permitted to move to the next semester. Such candidates shall re-do the semester in the subsequent turn of that semester as a regular student ; However, a student of First Semester shall be admitted in the Second Semester, if he/she has successfully kept the term in first semester. To move in the Third Semester, a student has to clear all Credits of first semester. Like wise, to move in the Fourth Semester, a student is required to obtain all the credits of second semester. Similarly, after clearing all the credits of third semester, a student can move to the fifth semester and he/she shall be allowed to move to the sixth semester after clearing all the credits of fourth semester

For the movement in the said semester as described above, the candidate must have satisfactorily kept the term of the previous semester.

### **O. B.Sc. 12. Condonation :**

Students must have 75% of attendance in each course for appearing in the examination. Students who have 74% to 65% of attendance shall apply for condonation in the prescribed form with the prescribed fee(Rs.100/Corse). Students who have 64% to 50% of attendance shall apply for condonation in prescribed form with the prescribed fee along with the Medical Certificate. Students who have below 50% of attendance are not eligible to appear for the examination. It is furthered clarified that the students, who have 75% or more of attendance shall be given five out of five marks in internal evaluation. Students (if condoned), who have 74% to 65% of attendance shall be given 4 to 3 marks in internal evaluation. Students (if condoned), who have 64% to 50% of attendance shall be given 2 to 1 marks in internal evaluation.(As per O.B.Sc. 14 )

### **O. B.Sc. 13. Question Paper Pattern :**

Question Paper shall have four questions corresponding to four units of each theory course. Question No. 5 shall have objective type of questions to be asked from all the four units of the theory course by giving equal weightage.

### **O. B. Sc. 14. Evaluation :**

The performance of a student in each course is evaluated in terms of percentage of marks with a provision for conversion to grade points. Evaluation for each course shall be done by a continuous internal assessment (CIA) by the concerned course teacher as well as by an end semester examination and will be consolidated at the end of the course. The components for continuous internal assessment are :

One Tests	15 Marks (Second / repeat test for genuine absentees)
Seminar / Quiz	5 Marks
Assignments	5 Marks
Attendance	5 Marks
Total	30 Marks

Attendance shall be taken as a component for continuous assessment, although the students should put in a minimum of 75% attendance in each course. (except.O.B. Sc.-12).In addition to continuous evaluation component, the end semester examination, which will be a written-type examination of at least 3 hours duration, would also form an integral component of the evaluation. The ratio of marks to be allotted to continuous internal assessment and to end semester examination is 30 : 70. The evaluation of laboratory component, wherever applicable, will also be based on continuous internal assessment and on an end-semester practical examination.

### **O. B.Sc. 15. Passing Minimum :**

The passing minimum for CIA (Continues Internal Assessment) shall be 36% out of 30 marks (i.e. 11 marks), where the candidate is required to appear for the internal test at least once. Failed candidates in the Internal Assessment are permitted to improve their Internal Assessment marks in the subsequent semesters ( 2 chances will be given) by writing test and by submitting Assignments. The passing minimum for University or External Examinations shall be 36% out of 70 marks (i.e. 25 marks)

### **O. B.Sc. 16. Grading :**

Once the marks of the CIA (Continues Internal Assessment) and End-Semester Examinations for each of the courses are available, they will be added. The marks thus obtained will then be graded as per details provided in R. B. Sc. 3 and R.B,Sc. 9 VI A & B. From the First semester onwards the total performance within a semester and continuous performance starting from the first semester are indicated respectively by Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA). These two are Calculated by the following formulae:

$$\text{SGPA} = \frac{\sum_{i=1}^n C_i G_i}{\sum_{i=1}^n C_i}$$

where 'Ci' is the Credit earned for the Course i in any semester ; 'Gi' is the Grade Point obtained by the student for the Course i and 'n' is the number of Courses passed in that semester.

CGPA = SGPA of all the Courses starting from the first semester to the current semester.

Note: (1) The SGPA and CGPA shall be calculated separately for the following three parts:

Part I: ECs; Part II: FCs and Part III CCs, SECs.

(2) The SGPA and CGPA shall be calculated only when the student has successfully cleared all the courses.

### **O. B.Sc. 17. Classification of Final Results :**

- I. For each of the three parts, there shall be separate classification on the basis of CGPA as indicated in R. B. Sc. 4.
- II. For purposes of declaring a candidate to have qualified for the Degree of Bachelor of Science in the First class/Second class/Pass class or First class with Distinction, the marks and the corresponding CGPA earned by the candidate in Part III alone will be the criterion, provided he / she has secured the prescribed passing minimum in ECs and FCs. It is further provided that the candidate should have scored the First/Second Class separately in both the grand total and end Semester (External) examinations.
- III. Grade in Part IV Extension and Extra Curricular Activities shall be shown separately and it shall not be taken into account for classification.
- IV. The marks for the course as elective (compulsory) course of SEM – II on “Environmental Studies” will be given in a separate certificate also by the college as per the guidelines of UGC, MHRD & the Hon’ble Supreme Court of India. The College shall charge Rs.100/- separately to meet the expenditure incurred towards the completion of this course, as per UGC/MHRD guide lines.
- V The Internal and the End Semester Examination for Elective Courses shall be conducted by the colleges.

### **O. B.Sc. 18. Conferment of the Bachelor's Degree :**

- (i) A candidate shall be eligible for the conferment of the Degree of Bachelor of Science (B.Sc. honours) only if he/she has earned the minimum required credits for the programme prescribed therefor (i.e. 150 credits).
- (ii) A candidate shall be required to pay Rs.500/- towards the conferment of the Degree of B. Sc., which shall be enhanced by a 10% increase every three years and rounded off to the next 10/- rupees stage.

### **O. B.Sc. 19. End Semester Examinations :**

- (i) **The University shall conduct the External (End Semester) Examinations for all the Semesters.** Alternatively, the university shall conduct the External Examination for semester V and VI only and the Internal as well as the External Examinations for the Semester I to IV shall be conducted by the concerned Colleges themselves. However the common format of question paper and marksheet suggested and / or prepared by the University has to be followed by all the Colleges for Sem. I to IV External Examinations.
- (ii) The examination fees for all end semester examinations shall be Rs.500/- (Rs.250 for theory+ Rs.250 for practicals/ term work/ project etc.) for all subjects.( Which shall be enhanced by a 10% increase every three years and rounded off to a next 10/- rupees stage.)

### **O. B.Sc. 20. Self-Financing Stream :**

The above Ordinances shall be applicable also for the candidates undergoing the programmes in Self-Financing Stream.

### **O. B.Sc. 21. Grievance Redressal Committee :**

The College shall form a Grievance Redressal Committee for each course in each department with the Course Teacher and the HOD as the members. This Committee shall solve all grievances relating to the Internal Assessment marks of the students.

### **O. B.Sc. 22. Transfer of Credits :**

In case of Elective courses, Students are permitted to transfer their course credits from Centre for Distance Education (CDE) of any University to Regular Stream and vice-versa. Similarly, they are also permitted to transfer their course credits from other state or central universities after verification of eligibility criteria.

### **O. B.Sc. 23. Revision of Ordinances, Regulations and Curricula :**

The University may from time to time revise, amend and change the Ordinances, the Regulations and the Curricula, if found necessary. The existing ordinances for passing the examination/ paper for annual pattern of courses shall also remain effective for the CBCS programmes.

However, for the compulsory elective course of second semester i.e. Environmental Studies, the Textbook prepared by E.Bharucha for UGC and published by Orient Blackswan, shall only be used as a text by all students of the science programme.

## **R. B. Sc. 7 – Course Structure :**

- I.** The B.Sc. programme is full time three years Under Graduate Programme. The medium of instruction shall be English. However, the students are allowed to write the answers in Gujarati in the examinations.
- II.** The programme consists of Six Semesters-Semester I and II in the First Year of the Programme, Semesters III and IV in the Second Year and V and VI Semesters in the Third Year of the programme.
- III.** The total programme consists of 150 credits equally divided into 25 credits per semester.
- IV.** There would be different elective areas of specialization as per syllabus of respective subject.
- V.** The programme consists of the following types of courses
  - (i) Core courses: common for all optional specialization groups.
  - (ii) Elective course & SECs: separate for all optional specialization groups.
  - (iii) Foundation courses for all specialization groups.

## **R. B.Sc 8- Clearing and carrying forward the Semesters :**

Rules for carrying forward the semesters are :

- I.** A candidate must have at least 75% overall attendance (except O.B.Sc.12) in the programme and should have satisfactory performance in class participation of each course and must have appeared in internal written test to be eligible for grant of term.
- II.** In case, a candidate obtains D in any one course/ all courses in the first semester, he/she shall be allowed to continue to proceed to the second semester provided he/she has kept his/her term of the first semester successfully.
- III.** The candidate shall be allowed to proceed to the third semester only after clearing all the courses of the first semester.
- IV.** In case, a candidate obtains D in any one course/ all courses in the second semester, he/she shall be allowed to continue to proceed to the third semester provided he /she has kept his/her term of the second semester successfully.
- V.** The candidate shall be allowed to proceed to the fourth semester only after clearing all the courses of the second semester.

- VI.** In case a candidate obtains D in any one course/ all courses in the third semester, he/she shall be allowed to continue to proceed to the fourth semester provided he/she has kept his/her term of the third semester successfully. Similarly a candidate is allowed to move in the fifth semester provided he/she has kept his/her term of the fourth semester successfully and a candidate is allowed to move in the sixth semester after he/she has successfully kept the term of fifth semester even if he/she has failed in any one or all courses of the fifth semester .
- VII.** The candidate shall be eligible for the award of the degree after successful clearance of all the courses of semester I, II, III, IV, V & VI by the Sixth semester examination of the third year programme or till expiry of registration/enrolment.
- VIII.** When ever a candidate fails in a course due to failure of obtaining minimum marks in the internal component of the examination, the marks obtained in attendance and class participation shall be carried forward for the consideration of the repeat examination. The student has to appear in the internal test only to complete the requirement of the internal assessment.

#### **R. B.Sc. 9- Assessment and Evaluations :**

- I.** Each course will be assessed on the basis of 100 marks. The marks would be divided between internal and external assessment.
- II.** There shall be one end semester external examination of each course in every semester consisting of 70% (70 marks) weightage in theory and practical courses.
- III.** Each Theory & Practical course shall have internal assessment of 30% waightage based on the following  
Internal written test - 15% (15 marks)  
Attendance - 05% (5 marks)  
Class participation in assignments- 05% (5 marks)  
Presentations (Seminars)/quizzes etc. - 05% (5 marks)
- IV.** Every student will be required to pass the external examination and internal assessment separately in each course.
- V.** The minimum passing standard will be 36% for the external and internal component of each course, i.e. 25 marks out of 70 (external -36% of 70 marks) and 11 marks out of 30 (internal -36% of 30 marks).

**VI.(A)** The grades for each course would be decided on the basis of the percentage marks obtained in the end-semester external and internal examinations as per following table:

<b>Percentage / Marks (Normalized)</b>	<b>Grade Points</b>	<b>Grade</b>	<b>Description</b>
Above 85	8.5 – 10.0	O+	Outstanding
70 – 84.99	7.0 – 8.49	O	Excellent
60 – 69.99	6.0 – 6.99	A	Very good
55 – 59.99	5.5 – 5.99	B+	Good
48 – 54.99	4.8– 5.49	B	Fair
36 – 47.99	3.6 – 4.79	C	Average
Below 36	0.0	D ( Dropped)	Dropped or Fail

**VI.(B) Final Result :**

CGPA From-to	Letter Grade	Classification of Final Result
8.5-10	O+	First class with Distinction
7.0-84.99	O	
6.0-6.99	A	First Class
5.5-5.99	B+	Higher Second Class
4.8-5.49	B	Second Class
3.6-4.79	C	Pass Class
00-00	D	Dropped or Fail

VII. The semester grade point average (SGPA) will be calculated as an weighted average of all the grade point of the semester courses. That is Semester grade point average (SGPA) = (sum of grade points of all six courses of the semester)/ total credit of the semester as per example given below :

**Semester – I**

Course No.	Credit	Marks out of 100(%)	Grade	Grade Point	Credit Grade point
Phy – 101	4	65	A	6.5	26
Phy- 102	3	60	A	6.0	18
Bot – 101	4	62	A	6.2	24.8
Bot – 102	3	57	B+	5.7	17.1
Chem – 101	4	55	B+	5.5	22
Chem – 102	3	72	O	7.2	21.6
Ele- \101	2	58	B+	5.8	(11.6)
Found - 101	2	44	C	5.4	(10.8)
<b>Total</b>	<b>25</b>				<b>129.5</b>
<b>Total Credits Without FC &amp; EC</b>	<b>21</b>				

Examples : Conversion of marks into grade points

$$65 = 60 + 5 = 6.0 + 5 \times (0.99 / 9.99) = 6.0 + 5 \times 0.1 = 6.0 + 0.5 = 6.5$$

$$57 = 55 + 2 = 5.5 + 2 \times (0.49 / 4.99) = 5.5 + 2 \times 0.1 = 5.5 + 0.2 = 5.7$$

$$72 = 70 + 2 = 7.0 + 2 \times (1.49 / 14.99) = 7.0 + 2 \times 0.1 = 7.0 + 0.2 = 7.2$$

$$44 = 36 + 8 = 3.6 + 8 \times (1.19 / 11.99) = 3.6 + 8 \times 0.1 = 3.6 + 0.8 = 4.4$$

VIII. SEMESTER GRADE POINT AVERAGE (SGPA) = Total Credit Grade Points Without FCs and ECs = 129.5 / 21 = 6.16

$$\text{SGPA Sem. I} = 6.16$$

$$\text{SGPA Sem. II} = 5.63$$

$$\text{SGPA Sem. III} = 6.01$$

$$\text{SGPA Sem. IV} = 5.50$$

$$\text{SGPA Sem. V} = 5.61$$

$$\text{SGPA Sem. VI} = 5.72$$

$$\text{Total SGPA} = 34.63$$

$$\text{Cumulative Grade Point Average (CGPA)} = 34.63 / 6 = 5.77$$

$$\text{CGPA} = 5.77 \quad \text{Grade} = \text{B+} \quad \text{Class} = \text{Higher Second Class}$$

$$\text{CGPA} \times 10 = \text{Percentage} \quad \text{e.g. } 5.77 \times 10 = 57.7 \%$$

**Note:** (1)SGPA is calculated only if the candidate passes in all the courses i.e. get minimum C grade in all the courses.  
(2) CGPA is calculated only when the candidate passes in all the courses of all the semesters

IX. The cumulative grade point average will be calculated as the average of the SGPA of all the six semesters, as shown above.

X. For the award of the class CGPA shall be calculated on the basis of :

**(a) Marks of End Semester External Examination**

**And**

**(b) Total Marks obtained (Marks of End Semester External Examination + Marks of Internal Assessment)** for each course. The final Class for B. Sc. Degree shall be awarded on the basis of lowest CGPA of ( a ) & ( b ) of fifth & sixth semester examinations. However, the marks of elective courses as well as foundation courses shall not be counted for the award of class, provided a candidate has secured at least minimum passing marks in Elective & Foundation courses both in internal & external examinations.

#### **R. B.Sc 10 – Revision of Syllabi :**

- I. Syllabi of every course should be preferably revised every two years. For example, a syllabus revised in 2011 must be revised in 2013-14
- II. Revised Syllabi of each semester should be implemented in sequential way.
- III. In courses, where units/topics relate to governmental provisions, regulations or laws, changes to accommodate the latest developments, are to be made automatically under the information to the Academic and Executive Councils of Gujarat University.
- IV. All formalities for revisions in the syllabi should be completed before the end of the 2nd/4th semester for implementation in the next academic year.
- V. During every revision, up to twenty percent of the syllabi of each course should be changed so as to ensure the appearance in the examinations of revised syllabi for those students, who have studied the old (unrevised) syllabi without any difficulties.
- VI. In case, the syllabus of any course is carried forward without any revision, it shall also be included in the revised syllabi.

**R. B. Sc.11– Format of Question paper :**

Q.1 From Unit -1	A OR A	7 marks
	B OR B	7 marks
Q.2 From Unit -II	A OR A	7 marks
	B OR B	7 marks
Q.3 From Unit -III	A OR A	7 marks
	B OR B	7 marks
Q.4 From Unit –III	A OR A	7 marks
	B OR B	7 marks
Q.5 shall be	14 questions of 1 mark each. There should be atleast 3 questions of 1 mark each from all the 4 units, remaining 2 questions of 1 mark can be from any unit
